UNIT 1 LISTENING

➤ Exercise 1

Listen to Mary talking about what her family does every day. Choose the correct answers.

I wake up at 7 o'clock. My husband, Jack, wakes up at the same time. He gets up immediately but I stay in bed. Jack brings me a cup of tea at about 7:15 and then I get up at 7:30. We have a son, Simon, and a daughter, Julia. They get up at about 8 o'clock. Julia has a shower first, then Simon. We usually have breakfast together and then Simon and Julia leave for college. Julia is often late because she always watches TV after breakfast, but Simon always catches the bus on time, even though he always does the washing-up before he leaves the house.

I'm a designer and I don't need to travel to work because I have an office here in the house. Jack works in a bank. It's in the city centre so he drives to work, but if the weather's nice, he sometimes walks. He has lunch with colleagues. I have lunch at home; I make something simple because we usually have a big meal in the evening for dinner. And of course, Simon and Julia have lunch at college.

After college, Simon usually goes to the gym and Julia sometimes plays chess with a friend. My husband often goes shopping on the way home and buys something for dinner, and I usually clean the house and then I often read the newspaper, or sometimes, if I have time, I phone a friend for a chat.

We prepare dinner together. Jack's an excellent cook. Simon and Julia like cooking too. I don't like it as much, but I'm quite good. Sometimes Jack goes to watch Simon play basketball at the sports centre. But Simon usually takes the bins out and Julia usually does the washing up. Later, before we go to bed, Jack and I watch TV for a while, usually with Simon, and Julia chats with her friends online on her laptop. We all go to bed at about 11 o'clock but I don't go to sleep immediately. I always read for at least half an hour before I turn off the light!

➤ Exercise 1

Read the text. Then complete the exercise .

How to have a great day every day

Many people want to know how to work harder and feel better. How can you have a great day at school or at the office? A good daily routine can help you to have a great day *every* day.

A Get up early

Many people want to stay in bed in the morning, but it is best to get up before 7:00 a.m. If you start working or studying early, you will have more ideas and you will be able to work faster. Many well-known writers and musicians from the past believed that it was important to get up early – and to go to bed early too. You should also try to get up at the same time every day, because this is good for your body and brain.

B Eat breakfast

Breakfast is the most important meal of the day. People often say that they don't have time to eat breakfast, but they will find it more difficult to start work, and they will soon feel very hungry. A healthy meal of toast, eggs, and fruit juice will help you to work well all morning – and stop you from eating unhealthy food like crisps and chocolate later in the morning!

C Go for a walk

If you usually spend a lot of time in your office or in the classroom, it is very important to go outside and get some fresh air. If you spend just 30 minutes a day walking outside, you will feel less tired and you will be able to do more when you get back to work or school. A walk in the park every day will make you feel much healthier and will help you to do your best work.

Choose the correct paragraph to match the information. Read the text on the first screen again to help you.

Dear Jane,

Thank you for your email. It was very interesting to hear about your daily life in Cambridge, England. I am writing to tell you about my typical day in Rome. On school days I usually do/get/have up at 7:00 a.m. I have a shower and do/get/make dressed. In Italy, we don't have to wear a school uniform, so I normally wear jeans and a tee-shirt. Then I do/have/take breakfast with my parents and sister. I usually eat bread with jam and drink orange juice. My school starts at 8:30 a.m., so I leave my house at 8:00 a.m. I don't live far from the school, so I walk there with my friends. My sister's school is far away, so she takes a bus. I have lessons in the morning until 1:00 p.m. and then I go home and do/go/have lunch with my mum. In Italy we often eat a lot for lunch, including pasta, meat and salad, but we have a much smaller dinner. In the afternoon I do my homework and help my mum to do/have/make the housework. I do the washing up and do/have/take out the bins. I have football practice on Tuesday afternoons and a piano lesson on Thursday afternoons. I have dinner at about 7:00 p.m. Every day after dinner, I go/have/take for a walk with my family around the town. We often stop and have an ice cream in my favourite ice cream shop. I usually go/have/make to bed at about 10:00 p.m., because I have school the next day.

I felt a bit worried about the course before, but now I feel really excited about studying at New College. I am writing to find out about student accommodation for international students. I would like to know what the rooms are like and what furniture they have. I would also like to know where students like me who live on the campus can eat.

I look forward to hearing from you soon.

Best wishes,

Haruka

➤ Exercise 2

Read the text. Then complete the exercise on the next screen.

Many international students come to study at New College every year. There are three main types of accommodation available to international students: college halls of residence, private houses or flats, and host families.

There are three halls of residence on the college campus. Tulip Hall and Rose Hall have single rooms for students with a bed, desk, chair, wardrobe, cupboard and a bookcase. There are shared bathrooms and a shared kitchen. In Holly Hall, the rooms also have their own bathrooms. Students have breakfast, lunch and dinner in the college restaurant. The college halls of residence are a good choice for students who want to make new friends, but would prefer not to cook their own meals.

Some students prefer to find their own house or flat in the city. This is more expensive than staying on campus or with a host family, but many students like to do this because they can live with their friends. Students can find houses and flats to rent in the city on the college

website. This is a good option for students who prefer to cook for themselves. There is often a living room where students can spend time together when they are not working.

Another popular choice for international students is to stay with a local host family. Students live in a house or flat with a family. The family makes breakfast and dinner for the student, but they need to buy their own lunch. The family also spends time with them in the evening and organises activities for the weekend. All students have their own bedroom, and share the bathroom, living room and kitchen with the family. This is a really good way for international students to improve their level of English quickly by talking to members of the host family.

Which type of accommodation would be the best choice for each student? Read the text on the first screen again to help you.

➤ Exercise 3

Read about professional runner Rosa Martinez and where she goes on holiday. Then complete the exercise .

A As a famous runner, I do a lot of travelling as part of my job. Last year I did races in London, New York, Paris and Dubai. I also went to Thailand for a big sports event, which was an amazing experience. However, when I have time to take a holiday, I love going to my aunt and uncle's house in the south of Spain. I go there for two weeks every summer with my whole family. My aunt and uncle bought the house when I was very young and I still remember the summers I spent there when I was a child. It is a beautiful house and my favourite place to stay in the whole world.

B The house is just outside a small village and it is close to the mountains and the sea. It is more than 100 years old. In the past, it was a farm with horses, chickens and sheep. There are no animals there now, but there is still a lot of land, so the house has a really big garden. In the garden, there is a barbecue area, and we often have dinner there in the summertime. There are fruit trees, vegetables and a lot of flowers. We don't need a swimming pool, because the house is so close to the sea. We always spend a lot of time at the beach when we go there in the summer.

C All of the rooms are large and pretty. On the ground floor, there is a big kitchen and living room, a bathroom and one bedroom. Upstairs there is one large bedroom with its own small

bathroom. You can see the mountains from this bedroom. There are two more bedrooms where you can see the sea. My favourite bedroom is the first one on the left when you go up the stairs. I used to stay there when I was a child. It has a seat in the window where I like to sit and read books or write letters.

D The style of the house is very traditional. There is a very large dinner table in the kitchen, so that the whole family can sit down and eat together. The living room has comfortable chairs and a large television screen. We often watch films or play games there in the evenings. My uncle made a lot of the furniture himself. He made the tables and chairs in the kitchen and all the beds. The walls are all painted in different shades of green and blue to look like the sea. My aunt loves to paint, and does beautiful paintings of the mountains and the sea in the area. There are many of these paintings on the walls.

E The house is close to some of the most beautiful countryside in the area, and it is possible to walk to some of the best beaches, where there are not many people. In fact, we sometimes have the whole beach to ourselves! The village is a short walk or bicycle ride from the house, and you can find some lovely cafés and restaurants in the main square. I often go canoeing, horse riding and hiking nearby. It is great to get away from the city and relax in nature.

UNIT 3 READING

➤ Exercise 1

Read the letter from Rachel to her penfriend Susie. Then complete the exercise .

Dear Susie,

Thank you for your letter. I'm writing to tell you about the sports I enjoy doing. I like playing tennis and swimming, but my favourite sport is cycling. I got my first bike when I was 8, and I started cycling to school with my sister, Helen, when I was 12. Now my sister goes to a different school, so I ride to school with my friend Laura. At the weekend, I often go cycling in the countryside with my parents and Helen. We cycle all day and take a picnic for lunch. We go cycling in winter and summer, but I prefer cycling in winter because the countryside looks pretty. I like taking photos on my phone of the trees and animals.

I also go on cycling holidays with my family. We usually go to the north of England, but last summer, we went to the mountains in the south of Spain. We all enjoyed cycling in the day and going to restaurants in the evenings. It was sometimes difficult to cycle in Spain. It was not difficult to cycle in the mountains because we had mountain bikes, but the weather was very hot, so we got quite tired. I would like to go cycling in Spain again next summer, but my parents want to go cycling in Scotland.

I also cycle for my school team. My friend Laura joined the team two years ago, and I joined last year. We race against cyclists from other schools. Last year, I won second prize in the 10km race. I was really happy, but next year I will try to win first prize.

In your next letter, please tell me about the sports you like. What is your favourite sport? Are you in a team?

Hope to hear from you soon.

Best wishes,

Rachel

➤ Exercise 3

Read an article about a teenager's hobby. Then complete the exercise.

Adam Jones has an unusual hobby for a 15-year-old boy. Most of his friends like to spend their time playing sports like football and basketball or playing computer games, but Adam prefers to cook. Adam first became interested in food from watching cookery programmes on television, but he learned how to cook from his father who was a chef in a local Italian restaurant. His father says that Adam is now the best cook in the family. In the past, Adam's father did all the cooking for the family, but now Adam cooks most of the family meals. His parents love Adam's cooking, and even his younger sister Sarah eats most of the food he cooks.

Adam likes cooking food from all over the world, but especially Italian, Indian and Thai food. Last year, he went on holiday to India and Thailand with his family, and he enjoyed trying all of the different dishes. Next year, he is going to travel to China and learn how to cook Chinese food. Adam also likes computers and has his own website called 'Cook with Adam'. He first made the website as part of a school project, but now he uses it to tell people about his cooking and to teach young people how to cook. It has easy food recipes, photos of his food and videos to show people how to cook his favourite meals. The website is very popular with young people, and Adam hopes that it will make them more interested in learning to cook. His father now has his own restaurant, and Adam has a part-time job as a chef there. When people go to the restaurant, they are often surprised that the chef is so young. Adam's father is happy for him to work there, but only at the weekends because he doesn't want him to be too tired for school.

Adam recently won the first prize in a cooking competition for young people in the UK. He made a chicken curry with rice and vegetables and a chocolate and raspberry dessert. He was very surprised to be in the final part of the competition, and he couldn't believe it when he won first prize. He won £500 and a cooking lesson with a famous TV chef. Adam's whole family were very happy that he won the competition, especially his father. After the competition, he appeared on a television news show and a cookery show. In the future, Adam wants to move to London and work as a chef at a top restaurant. He would also like to have his own cookery show on TV and to travel around the world and learn how to cook food from many different countries.

A Thank you for your letter. I also enjoy sports. I like playing basketball and swimming, but my favourite sport is football. I like football, because it is an exciting game, and it is a good way to stay healthy. I started playing football when I was 9. In the summer, I often go to a football summer camp. The summer camp is in the countryside, about two hours from my city, Los Angeles. It is near a big forest. We do football training in the mornings and play matches in the evenings. In the afternoons, we do other sports like swimming, walking and cycling. We work hard, but we have a lot of fun too.

I always feel tired after matches, so I go to bed early! Sometimes we play on the football field at our school, and sometimes we travel to other schools by bus and play there. Every year, our school enters a football competition with schools all over California. Last year, our team won the competition, so we were all really happy, and we had a special dinner at a restaurant to celebrate. Next year, I want to join another girl's football team in Los Angeles.
